Subject: Schedule rate final rulemaking

To Whom it May Concern:

My name is Marijean Ginoble, CEO of Gregory's Journey, Inc. I have been advised that \$30,888.00 is going to be cut from Gregory's Journey's budget upon the final rulemaking decision. Upon completion of Gregory's SIS evaluation his number is (7), which puts him in the (4NG) category. Please explain how the methodology for the fee schedule rates came to the conclusion that Gregory Ginoble's services have to be cut. I do not understand as other agencies in the state refused to provide services for him. Should he be expelled from the one program that has finally given him some quality of life, he will once again regress. His provider program has requested and received several waivers to provide for adaptations in his home to accommodate his needs, and to protect him and his direct care staff. The SIS was taken two years in a row with no changes regarding his needs. It will be a terrific loss if the funds that provide his essential needs are cut from his everyday lives program.

Sincerely,
Marijean Ginoble, CEO
Gregory's Journey, Inc.
