2017 SEP 13 A 11:32

Hello,

Comments to the proposed bulletin sections:

Section 1153.2 : When indication of tele-psychiatry is indicated, it may need to clear that only interactive is allowable with audio and video so as to prevent telephonic meeting with individuals.

Section 5200.51: Must all current OP clinics develop a service description for MMHT services or this optional and to the provider preference?

Thanks for your review,
Tisbine Moussa
