Subject: Changes to Overtime

I am writing to express my opposition to Gov Wolf's proposed changes to Pennsylvania overtime rules.

Businesses do not need additional regulation making record keeping and day to day operations more cumbersome.

Our current unemployment levels force employers to be competitive to acquire and retain top talent without the government getting involved.

Please allow the free market system to function and do not add additional regulations on the economic engine that drives our economy- small and privately held business.

Sincerely,

Mark A Sauder
