Please accept this email as a firm "NO" to Governor Wolf' proposal for changes in overtime eligibility. As a small business owner we would have to reduce our staff to pay other employees more money for this ridiculous law and I would think other small employers would do the same causing a big increase in unemployment which will make him look bad but cause the PA a lot of money in unemployment compensation. Please fight for us, we cannot just go out and raise prices and still compete it is not that simple.

Thank you
