**Subject:** Comments on proposed PA Regulation on Minimum Wage

After reading the proposed regulation on changing the minimum wage and overtime requirements in PA, I felt I needed to comment. An update to minimum wages is long overdue; however, increasing the minimum wage for salaried exempt employees to over \$47,000 is too much. A change of this magnitude will create a lot of hardship on businesses.

Please strike down this proposal as was done at the Federal Level. I believe the proposal would gain more support, if the minimum wage was not increased to this level.

Thank you,
