Good afternoon,

I recently graduated from massage school (April 2018), and it has come to my attention that the Commonwealth has proposed increasing the massage license renewal fee from \$75 to \$200. I strongly object to this drastic increase, especially knowing that myself and many of my peers, having just recently paid fees to test and license, will have difficulty with this fee.

Licensure is a good thing, just not when the associated fees can make an honest LMT practice financially difficult.

Thank you for your time.

Sincerely,
Amanda H. Fleischer, LMT
