Hi Jacqueline A. Wolfgang,

This is Jing Xu, A licensed massage therapist in State College, PA.

I am writing to request NOT to increase application fee for massage therapist in PA. It is already very hard to make a living as a massage therapist as it is. Its a very demanding job both physically and mentally. Many of us feel burn out after few years working as full time massage therapist, meaning working 20-30 hours a week. This job usually do not include any benefit as well. It will be unfair and immoral to raise the fee.

Please consider withdraw the proposed fee increase.

Sincerely,

Jing Xu
