To whom it may concern,

I am writing in protest of the biennial rate increase for Massage Therapist Regulation #16A-724 (IRRC #3203). Please be aware that most of us in the industry DO NOT make a lot of money even working 2 or 3 jobs. This new rate increase coupled with the other requirements for licensing could make it a hardship for a lot of therapist. Also most of us are self employed as well and therefore must obtain health insurance on our own.

Thank you for respectfully considering my request to keep the cost of our license fee at the same rate.

Sincerely

Carol Fulforth LMT
