It is my understanding there is a proposal to increase the biannual massage license fee from \$75.00 to \$200.00. I am totally opposed to this increase. We are not getting rich in our profession. We can not work a 40 hour week without damage to our bodies. An increase of that magnitude is unwarranted. This just looks like another way to gouge the "little guy". We are hard working people trying to make a living helping others.

Please reject this increase.

Thank you

Carol Hunt
