Dear Boadmembers ,

It has come to my attention that my massage license fee will be raised to \$200.00 .

This to me is just way too high . We must every 2 years renewl license as well as CPR , 24 continuing education credits and Ethics course . Purchase insurance as well costing close to if not more than \$1000.00 .

Why would the board find this huge jump of over 100% seem appropriate and fair .

It pains me to think that we have jumped through hoops to become licensed and now there will be some who can not afford to continue being licensed .

Thank you  
Cheryl Matters LMT
