How can you justify an increase from \$75 to \$200! and that's just ONE of many Fees that are set to increase.

That is ridiculous! and has to be illegal! Pick another industry to price 'gouge'! I plan to call my local Senators and state Representative office to see what can be done. Someone is looking to get a raise that does nothing to justify charging me and other PA therapist more for nothing other than the right that our education and passed national testing provided.
