

3203

From: T&J
To: ST. Regulatory Counsel
Subject: Regulation #16A-724. (IRRC #3203)
Date: Tuesday, July 3, 2018 9:04:10 AM

Jacqueline A. Wolfgang,

Are you trying to eliminate the License Massage Therapist? That is what will happen if this proposal goes through. As we will have to pass this fee along to our clients and raise prices and therefore lose business. Clients pay out of pocket for massages, as most medical insurances do not pay for massages. Those of us from small central PA county's do not charge more than \$60 for an hour massage. As most of our clients cannot afford more than that.

Instead of changing LMTs fees, why don't you look into regulating reflexologists and making them obtain a licensed to practice. As there are many in this area that are doing more harm than good.
