To Whom it may Concern,

I am writing in regards to the pending increase in Licensure for PA. Massage therapist. Having such an increase would seriously cause me a hardship.

I am currently licensed in PA And NJ since I live 10 min from the state line. With the liability insurance, cost of CEU, CPR, and all the other expenses to work in the Massage field is very difficult to make a living. If PA decides to increase the fee so drastically I am not sure it would be worth it for me to continue in your state.

I would have to reevaluate whether It would be feasible for me to continue my practice in PA. I hope that you will take a minute and see exactly what we do and our expenses are. I work as an employee for a Wellness center and my employer does not cover any of the above fees. All licensure and insurance is covered out of pocket for me.
