Subject: Fee increase
Date: Monday, July 2, 2018 2:06:01 PM

Good afternoon, in regard to the proposed increase for fees for licences, please consider that many of us are not making the spa fees. We are self-employed and meeting the needs of non-medically reimbursed persons and additional cost to maintain our licenses are difficult. Please consider exemptions for renewals..and reciprocity application...

Thank you
Kathleen Phillips
