Date: Monday, July 2, 2018 2:20:10 PM

Hello, I am writing to give my opinion as a licensed massage therapist on the proposed fee increases for licensing, approval of continuing ed program for MTs, and renewal. I see that all of these changes are practically 100% increases, and more for the biennial renewal fee.

I strongly disagree with this fee increase, as it practically doubles all of the fees one would pay. It is not feasible for me, for one and certainly for many others. Please reconsider this and do not vote for it.
