When increasing the fee for a professional massage license from \$75 to \$200 a summary of the reasons for the increase should be stated and sent to each massage therapist.

I do not agree with the increase at this time. The fee is more than double what it was and I want to know the reasons why. After knowing why it might make more sense to me. But at this time I believe there needs to be a more gradual increase rather than going to the extreme of making it \$200.

Thank you for your time and for listening to my opinion.
