Dear Counsel,

As an independent LMT a fee increase from \$75.00 to \$200.00 every two years on top of paying for CEU's would be a hardship.

Most LMT,s earn less if employed by a spa etc. As we are a Service Industry, we are at the first place clients cut out when money is tight.

In New York the fee is \$105.00 every three years. Living on PA/NY border I am licensed in both states.

Perhaps the board needs to cut costs and just charge a lesser amount to us LMT,s.

Please reconsider this fee increase.

Thanks.
