To the PA State Board of Massage,

The renewal fee that you are proposing to more than double, will most likely drive me out of my chosen career.

As a senior citizen, employed part time as an LMT, I am struggling at income below the federal poverty level.

Figure in \$200 annual liability insurance, around \$600 biannual continuing education expenses, and now a skyrocket increase in licensing fees!!!

Why penalize the good-hearted folks whose profession alleviates pain and stress, reducing the burden on the medical insurance system?

Please reconsider the proposed increase.

Patricia Tarbuck, PA LMT MSG000419
