Good Morning Jaqueline,

This proposed fee increase is absolutely ridiculous. At one time I was a licensed insurance agent and the fee every 2 yrs was \$55.00. Why would ours go to \$200? We are required to pay for continuing ed just like licensed ins agents. When I decided to become a massage therapist it was to help people and make a decent living. Most of us make minimal salaries. In my opinion, this is an atrocious increase and an assault on massage therapists in PA.

I vote NO to the increase.

Thank you  
Sheryl Goodling
