Regulation #16A-724 (IRRC #3203)

Dear Ms. Wolfgang,

Please note that I believe that the increase of 166% to our license fee is astronomical. Has the board looked at ways to cut expenditures as well. Have you possibly considered renewals on a less frequent basis to cut down on paperwork? If you insist on such a high fee, would also consider helping us out by making our renewal every 5 years. We are not attorneys making \$200+ dollars an hour. Most of us are just making ends meet. Plus with the added cost of all the continuing education, it is getting very expensive. Please consider some other solutions, as well as cutting expenses to make up for this deficit.

Sincerely,
Susan Baatz
