Subject: Do not increase payments!!
Date: Tuesday, July 3, 2018 1:15:56 PM

To whom it may concern,

I am writing to the email to express my concern about the possibility of increasing the biennial license renewal for massage therapists. Please do not increase the amount from \$75 to \$200. \$200 is a lot of money. We spent so much money on schooling to become therapists to help people and we spend hundreds of dollars each year for continuing education classes. Raising the cost feels like a punishment for the hard work that we have done to be where each one of us are. I believe raising the cost will discourage therapists. Please please please do not increase the price.

Sincerely,
Tiffany Kott
