Subject: Increasing massage license fees
Date: Monday, July 2, 2018 5:47:35 PM

Hello,

I have been a massage therapist for over 12 years and went from doing it more than full time to very part time since my son was born. I still keep up with my continuing education and licensing because it's very important to me to do so and I hope to get back into it more in the future but raising our fees will make that very difficult for those of us who only do it part time to keep up with our license as far as expenses go. I drive 2 hours to take my classes that are required to be hands on and I don't mind doing that but paying for the classes, the gas and the fees really add up. Please take into consideration these things and rethink raising the fees.

Thank you so much for your time
Tricia Jarrett
