Mr Davis,

Please process my vote as a no for this proposed increase.

I understand why it is necessary to increase fees to defray costs, but these proposed increases are too much at one time.

I would propose a \$125 fee for biannual renewals for 2019 to reduce the self-inflicted deficit and then possibly another increase for 2021 renewal period.

Please explain why it is necessary to increase these fees and what benefits I may

expect to receive from these proposed increases. I understand that fees may need to

be raised to cover expenses, however, the biennial renewal fee increase seems

excessive going from \$75 up to \$200. Please explain.

Thank you,
