GO FOR IT!!!

Currently therapist are paying \$75.00 per cycle or \$0.10 cent a day for their license. Let's be adult and face reality. The state cannot regulate, investigate and prosecute on 10 cents a day. Even at \$200.00 per license cycle, that is only 0.2739 cents per day. For now let's go with 2 or 3 hundred per cycle and clean up the questionable and unlicensed massage parlors.

If a therapist cannot set so little aside, then maybe they need to find another occupation.  
Just my 2 cents

Sincerely,
