Subject: Massage licensing Fee
Date: Thursday, July 12, 2018 1:54:41 PM

To whom it may concern,

I am a Licensed Massage Therapist in southern Lancaster County. I am writing regarding the increasing fees of the massage licensing. It concerns me that there is a dramatic price hike. I understand that fees need to increase due to costs, but if you do a big dramatic hike, many therapists including myself are not going to be able to afford the cost of the license, continuing education classes and supplies. If that happens and we lose licensed therapists, as that has happened already, that will make room for people who are not licensed to work on people, putting the customer at greater risk for injury. Many therapists including myself do not want to do harm to the client. The client's wellness and safety is number one. If a price increase must happen, please make it small, not for the therapist, but for the safety of clients.

Thank you for your time.

Sincerely,

Jenna L. Esh, LMT
