Subject: Massage Therapy license renewal fee increase

To the Regulatory Counsel of PA Gov.,

I am writing to state that if I understand the proposed increase of the renewal massage therapy license renewal fee from \$75 to \$200 is correct.... I am outraged. I have been a massage therapist since 1989. Very successful in my field, as well as professional, ethical and fiscally budget aware. My client fee schedule would need to increase drastically to cover this proposed increase.
