To whom it may concern,

I have been a massage therapist for over 10 years now and it is definitely a career that has its ups and downs it's not the reg 40hr job with benefits some days I don't even make enough to pay rent where I live it's not a secure paycheck where we make the same amount every time... we get paid by clients we see in the day not an hourly rate raising those fees that much is just unfair please don't do it,

sincerely a single hard working mother try to make ends meet. Lisandra Garcia.
