---

I am writing as a concerned Licensed Massage Therapist on the proposed increase to the biannual renewal fee for our license.

The increase from \$75 to \$200 is outrageous. I understand the need for increasing the fee. I would fine with an increase to \$120-140, not to \$200. We have to carry our own liability insurance and pay for our, required, continuing education, the proposed increase for the license fee is excessive in my opinion and will put a burden on those of us already struggling to gain clientele.

Thank you,  
Tracey A. Levino
