---

To whom it may concern,

My name is Lisa Morgan, I have held a current Pennsylvania massage therapy license for the past five years. I love my work and value the opportunity to work as a massage therapist. As you are aware the upcoming license renewal fee has increased to \$200. As a licensed massage therapist in the state of Pennsylvania, we are required to maintain our license renewal by obtaining 24 continuing education units. The payment of these courses are the sole responsibility of the massage therapist. This is definitely a business expense but at times can be costly. As you're aware there are many massage therapist who do not earn a significant amount of money by being a massage therapist; but still do the job because they love what they do. By increasing the license renewal fee to \$200 it would definitely be a financial hardship for most massage therapist including myself. I plead that you keep the license renewal fee at \$75 and omit the \$200 increase for the upcoming license renewal.

Thank you for your time,  
Wylisa Morgan, LMT
