As a licensed massage therapist in Pa, i'm not for the increase of renewal licensing. We work very hard and pay for credits ,education ,Cpr ,and child abuse ,plus ethics. We are health practitoners. Happy to help and care. Most of us its our passion. (It is for me) If you are to do so ,you should do for all health Practitioners) Masssge therapists fight so hard and long for how long we have come. Why not give us paid holidays?vacations?sick days?Insurance? We dont work, dont get paid.

Whats the reasoning? And wheres it going to?

Regards,Casandra Kemmler LMT
