I wanted to say in regards to the Massage Therapy biennial application fee increase proposal....I am a part-time Massage Therapist, to increase and add more fees, which it seems every renewal there are more fees, is hurting this industry. We don't make that much to begin with and it makes it harder to keep up with everything else we are required to pay for on our own to be licenced to even work legally. I hope enough people speak up on this matter. If you want more money try asking the Asian/Chinese Bodyworkers who are not required to be licensed or have to pay for continuing education like the rest of us do to perform Massages! Thank you!
