---

"The proposal would amend § 20.3 to increase the application fee for initial licensure from \$65 to \$100; to increase the fee for approval of a continuing education program application from \$65 to \$100; and to increase the biennial renewal fee from \$75 to \$200."

I can not understand why the raise in the biennial renewal fee for licensed massage therapists is so much higher than it is for the other categories. Both the initial licensure and continuing education are \$35 more. However, renewals it is raised \$125 more! That is completely unacceptable.

How can you justify that much of an increase? Instead of charging us so much more why don't you stick to a budget? Figure out how can you do more with less, like the rest of us. Get creative people and stop spending more than you have. Streamline your operations, get rid of dead weight, stop wasting our fees and then expecting us to pay more.

Coral Still-Glosser, LMT
