Hello,

I feel that these proposed increases are exorbitant. I work independently, part time as a massage therapist -

Each year I'm spending at least \$200 for insurance, \$400-600 biannually for CE, anywhere from \$200-\$300 for supplies and gas and then add taxes on top of that?! - Theres nothing left!

I would like to know where all of the money from the annual fees has been spent so that these increases can even be justified.

Why is there a mounting deficit? Has the money been mishandled? Is someone giving themselves an major increase in their salary?

Every department in the state of PA needs to learn how to balance a budget and stop squeezing every last penny out of its constituents.

Thanks,
Jennifer Kyzer
