Subject: Increase for Massage Therapy Re/Initial Licensure Fees

Oceans of hellos to you. My name is Jennifer Terry, a licensed massage therapist. It has been brought to my attention that you are considering an increase in the fees for Massage Therapists. Let me start by saying this, I have been a licensed massage therapist since 2016. Currently, I have over \$12,000 in student loan debt from my classes, CEU's to pay for every single year which is not cheap even with my AMTA membership, regular bills, ... etc. Now, on top of all of this, you want to up the fee from \$75 to \$200?! That is highway robbery. Not only for us who are relicensing but for the upped fees of the initial licensing applicant as well. Please, strongly reconsider changing the fees.

Thnka you for your time,

Jennifer Terry
