3203

To whom it may concern,

As a licensed massage therapist in the state of Pennsylvania, I find it completely appalling and unnecessary to increase the license renewal fee from \$75.00 to \$200.00. While I understand that there are necessary increases, but increasing by such a large amount is ridiculous. There are other therapists (ie. Physical, occupational, physical therapy assistants, speech) who are covered by private insurances and are paid a substantial amount more than massage therapists, already pay less than our current rate and you are asking me to pay \$200.00 for a license renewal!!!!

Please reconsider the ridiculous proposal that is being asked of us.

Thank-you,

Mariah Pramick
