To whom it may concern,

Some of us massage therapists live on a limited budget and the fee increase could cause us to not be able to afford to renew our licenses! We have mortgage payments, car payments, and also the continuing ed fees for classes! We also have in some cases rent for the business we run! If you have to raise it make it more reasonable than a 75% increase! How about a 25% increase instead? There may be a lot of therapists who can not afford the increase and practice illegally!
