To Whom it may Concern,

I believe most Massage Therapist can't afford an increase specially that high. On top of paying for continue education and liability insurance. I know it will be very tough on me. RN's don't even pay as much as we do now. I am asking for you not to raise it that high \$100 is more affordable then \$200 but even that is steep. I hope you guys consider all the relays you are getting on this topic.

Thank You
