Subject: License Fee Increase
Date: Tuesday, July 24, 2018 7:35:05 AM

To whom it may concern:

The increase of licensing fees for massage therapists will be a burden for most. I am working on a part time basis and considering whether it will be feasible to continue to pay insurance, licensing and supplies. Unfortunately, the business remains "part time" in rural Pennsylvania.
Please reconsider placing more of a burden on this profession.
