Re: Regulation #16A-724 (IRRC #3203)  
To whom it may concern

I understand that there may have to be an increase in fees from time to time in order to cover costs. However, the propose increase of \$65 to 100 and \$75 to \$200 are a sudden jump and may prove difficult to individual therapists. I propose a more incremental, smaller increase [e.g. raise \$65 to \$75 or \$85 and raise \$75 to \$95 or \$100]. This would still help with some deficits whilst creating less hardships for therapists both starting up and ongoingly.

Thank you for your consideration.

Sincerely, Corina Schad, LMT
