Subject: IBHS Regulations Comments

Hello,

Below are some questions regarding Intensive Behavioral Health Services.

1. There is no mention of the current BHRS process in the IBHS regulations; will this process end?
2. Provider choice has always been important to provide families; how will this be ensured in the future?
3. What oversight will be provided for unstaffed cases?
4. How will providers report access standards being met?
5. What entity will assist families to navigate services once a prescriptions are provided.

Thank you for the opportunity provide these questions.

Scott Brown
