Helio,

I am writing to you to support L-201839002672 . I have been a subscriber of Lancaster City Connect since its beginning and find the service superior to any other broadband. It has been the best program in Lancaster City and has been instrumental in encouraging new business to enter into the City. In addition, it has given those people who are financially unable to access this service free at parks and other areas of the City. Pole attachment should be regulated and PPL asking for such high fees is undesirable.

Ms. Rosemarie Keen
