I am writing to oppose any increase in these outrageous fees. If eliminating live stock producers by these fees, your plan will succeed. Where will these monies be used? Misappropriated as usual, squandered, stolen from the hard working farmers as usual. We hope to get a small increase in our product, which rarely happens, and you want to double the amount. I propose you give us half of your pay to offset this cost for no reason, how would you like that? I could go on and on but I have wasted enough time on this and need to get back to work. Work, you should try it sometime!
