I am not sure where you come up with reasons to increase the cafo plans and manure storage facilities. This is so unbelievable to think this is fair to the farmers. It is hard to make a living at farming now a days and you want to penalize us even more. You don't care want you do too farmers who try to produce a living for public. That consists of Beef and chicken, and turkeys, pork etc. Plus corn , soybeans and wheat that goes into the feed for these animals. Want would you eat!! You are forcing farmers to close down. You better think hard on this!!!
