Subject: Water Quality Management and National Pollution Elimination System Permit Application and Annual Fees

To the Department of Environmental Protection in regards to the Water Quality Management and National Pollution Discharge Elimination System Permit Application and Annual Fees - Reference number 3227:

I am a livestock producer operating a CAFO in Lancaster County. I am opposed to the proposed fee hikes. These fees would have a detrimental economic impact on my operation. There are many financial burdens in production agriculture, and this fee hike would further hurt farmers like myself who are working hard to produce food for our country and world.

Thank you for considering my comments.

Sincerely,

Jay L. Hess

Conestoga Township, Lancaster County PA
