Dear Colleagues of the Pennsylvania State Board of Dentistry,

Based on decades of overwhelming evidence linking oral and systemic health, the proposed rulemaking 16A-4633; PHDHP Practice Site expansion is both logical and imperative.

I work for an FQHC and see firsthand the challenges of poor oral health and the relationship to the total body.

Dental health professionals must expand access to dental disease prevention in every setting possible to reduce the complex impact of oral inflammation and infection on all chronic diseases.

Please support the PDHDP practice site expansion.

Respectfully,

Diane Creme, PHDHP
