(6) Type of Rulemaking (check applicable box):

- Proposed Regulation
- Final Regulation
- Final Omitted Regulation

- Emergency Certification Regulation;
 - Certification by the Governor
 - Certification by the Attorney General

(7) Briefly explain the regulation in clear and nontechnical language. (100 words or less)

This Final-Omitted rulemaking will make changes to the Board's policies and procedures for the approval of table games rules of play and wagering for new games and new features of existing games. These new policies and procedures will allow more flexibility to make changes to existing games and streamline the process for new games to be offered in licensed facilities in the Commonwealth.

(8) State the statutory authority for the regulation. Include specific statutory citation.

The Pennsylvania Gaming Control Board's general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. § 13A02(1) and (2).

(9) Is the regulation mandated by any federal or state law or court order, or federal regulation? Are there any relevant state or federal court decisions? If yes, cite the specific law, case or regulation as well as, any deadlines for action.

There are no other applicable federal or state statutes, regulations or court decisions that mandate adoption of this rulemaking.

(10) State why the regulation is needed. Explain the compelling public interest that justifies the regulation. Describe who will benefit from the regulation. Quantify the benefits as completely as possible and approximate the number of people who will benefit.

This Final-Omitted Regulation amends the policies and procedures of the Board regarding the approval of Table Games in the Commonwealth and the adoption of the specific rules of play and wagering for each game. Previously, after each game was approved by the Executive Director, the rules were drafted into regulations by a member of the Office of Chief Counsel, and each games' rules had to go through the regulatory process. This has become increasingly burdensome, as not only are new games created regularly by manufacturers, new features or changes to existing games are often created. Due to the rules being subject to the regulatory process, there is no flexibility to efficiently and quickly implement the changes. The new policies and procedures in this Final-Omitted Regulation will allow casinos in the Commonwealth to offer the newest games and new features or changes to existing games in a more expedient fashion.

(11) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulations.

There are no corresponding federal standards for any of these provisions in this rulemaking

(12) How does this regulation compare with those of the other states? How will this affect Pennsylvania's ability to compete with other states?

This Final-Omitted Regulation will get the newest games and new features or changes to existing games into casinos in the Commonwealth in a more expedient fashion, allowing patrons the ability to play games that may be already offered in other states.

(13) Will the regulation affect any other regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

This regulation will not affect any other regulations of the PGCB nor any other state agency.

(14) Describe the communications with and solicitation of input from the public, any advisory council/group, small businesses and groups representing small businesses in the development and drafting of the regulation. List the specific persons and/or groups who were involved. ("Small business" is defined in Section 3 of the Regulatory Review Act, Act 76 of 2012.)

No other persons or groups were involved in the development and drafting of the regulation.

(15) Identify the types and number of persons, businesses, small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012) and organizations which will be affected by the regulation. How are they affected?

There are currently thirteen slot machine licensees that have a certificate to operate slot machines and table games, all of which will be affected by the regulation in a positive manner in that they will have quicker access to the newest games or new features or changes to existing games. Casinos that operate in the Commonwealth of Pennsylvania are not small businesses as defined in the United States Small Business Administration's Small Business Size Regulations, under 13 C.F.R. Ch. 1 Part 121.

(16) List the persons, groups or entities, including small businesses, that will be required to comply with the regulation. Approximate the number that will be required to comply.

Any of the thirteen slot machine licensees that would like to offer the games contained in this rulemaking will be required to comply with the requirements of the rulemaking. Any manufacturer wishing to have a new game or new feature or change to an existing game approved by the Board will be required to comply with the rulemaking.

(17) Identify the financial, economic and social impact of the regulation on individuals, small businesses, businesses and labor communities and other public and private organizations. Evaluate the benefits expected as a result of the regulation.

It is not anticipated that this rulemaking will have a negative financial or economic impact on the regulated community. Slot machine licensees will be impacted by this rulemaking as they will have the ability to more expediently offer the newest games or new features or changes to existing games, and the manufacturers of these games will have their products in casinos faster.

(18) Explain how the benefits of the regulation outweigh any cost and adverse effects.

It is not anticipated that this Final-Omitted regulation will create any cost or adverse effects. The table games approval process will be handled by current Board staff. The table games rules no longer being put into regulatory form will also decrease workload of other Commonwealth agencies tasked with review and approval of such materials.

(19) Provide a specific estimate of the costs and/or savings to the **regulated community** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

Certificate holders that decide to offer table games in the Commonwealth will be required to submit rules submission forms and internal controls to reflect any addition. The rules forms are simple checklists that take little time to complete, are available to the operators electronically on the Board's website at the following link:

<http://gamingcontrolboard.pa.gov/?p=187>

These forms are also submitted to agency staff electronically. An example of a Rules Submission form is included. Any costs incurred to purchase equipment and train employees should be offset by the proceeds of gaming. The process for manufacturers to submit their new games or features or changes for existing games for approval by the Board remains the same.

It is not anticipated that there will be any substantive costs associated with this rulemaking.

(20) Provide a specific estimate of the costs and/or savings to the **local governments** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

This rulemaking will have no fiscal impact on local governments. Host municipalities and counties will benefit from the local share funding that is mandated by the Pennsylvania Race Horse Development and Gaming Act of 2004, as amended.

(21) Provide a specific estimate of the costs and/or savings to the **state government** associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required. Explain how the dollar estimates were derived.

The Board does not expect that the requirements of this rulemaking will have any fiscal impact on the Board or any other Commonwealth agency. Internal control procedures and table games rules submission forms will be reviewed by existing Board Staff.

(22) For each of the groups and entities identified in items (19)-(21) above, submit a statement of legal, accounting or consulting procedures and additional reporting, recordkeeping or other paperwork, including copies of forms or reports, which will be required for implementation of the regulation and an explanation of measures which have been taken to minimize these requirements.

As stated above, if an operator would like to offer table games, the operator will have to submit updated internal controls, rules submission forms, layout schematics, etc. for approval. The rules submission forms are straightforward checklists and are submitted electronically.

(22a) Are forms required for implementation of the regulation?

Yes, operators will be required to electronically submit a rules submission form for approval before offering the table game. An example of a rules submission form is provided.

(22b) If forms are required for implementation of the regulation, **attach copies of the forms here.** If your agency uses electronic forms, provide links to each form or a detailed description of the information required to be reported. **Failure to attach forms, provide links, or provide a detailed description of the information to be reported will constitute a faulty delivery of the regulation.**

An example of a rules submission form is provided

(23) In the table below, provide an estimate of the fiscal savings and costs associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.

	Current FY Year	FY +1 Year	FY +2 Year	FY +3 Year	FY +4 Year	FY +5 Year

(23a) Provide the past three-year expenditure history for programs affected by the regulation.

Program	FY -3	FY -2	FY -1	Current FY 2019/2020
PGCB Overall	\$40,169,000	\$41,665,000	\$46,153,000	\$46,067,000

(24) For any regulation that may have an adverse impact on small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012), provide an economic impact statement that includes the following:

- (a) An identification and estimate of the number of small businesses subject to the regulation.

The thirteen slot machine licensees that operate in the Commonwealth of Pennsylvania will be impacted by this rulemaking; however, in accordance with the United States Small Business Administration's Small Business Size Regulations, under 13 CFR Ch. 1 Part 121, none of the casinos qualify as a small business.

- (b) The projected reporting, recordkeeping and other administrative costs required for compliance with the proposed regulation, including the type of professional skills necessary for preparation of the report or record.

As all rules submission forms are simple to complete and are submitted to the PGCB electronically, it is not anticipated that there will be any significant reporting, recordkeeping or other administrative costs associated with this regulation.

- (c) A statement of probable effect on impacted small businesses.

As stated above, none of the thirteen operational slot machine licensees are small businesses.

- (d) A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed regulation.

Not applicable.

(25) List any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, the elderly, small businesses, and farmers.

No special provisions have been added.

(26) Include a description of any alternative regulatory provisions which have been considered and rejected and a statement that the least burdensome acceptable alternative has been selected.

No alternative regulatory approaches were considered.

(27) In conducting a regulatory flexibility analysis, explain whether regulatory methods were considered that will minimize any adverse impact on small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012), including:

- a) The establishment of less stringent compliance or reporting requirements for small businesses;
- b) The establishment of less stringent schedules or deadlines for compliance or reporting requirements for small businesses;
- c) The consolidation or simplification of compliance or reporting requirements for small

businesses;

- d) The establishment of performance standards for small businesses to replace design or operational standards required in the regulation; and
- e) The exemption of small businesses from all or any part of the requirements contained in the regulation.

The thirteen slot machine licensees that operate in the Commonwealth of Pennsylvania will be impacted by this rulemaking; however, in accordance with the United States Small Business Administration's Small Business Size Regulations, under 13 CFR Ch. 1 Part 121, none of the casinos qualify as a small business.

As it pertains to manufacturers, should one be designated as a small business, there is no impact as their procedure for approval of the games by the Board remains the same.

(28) If data is the basis for this regulation, please provide a description of the data, explain in detail how the data was obtained, and how it meets the acceptability standard for empirical, replicable and testable data that is supported by documentation, statistics, reports, studies or research. Please submit data or supporting materials with the regulatory package. If the material exceeds 50 pages, please provide it in a searchable electronic format or provide a list of citations and internet links that, where possible, can be accessed in a searchable format in lieu of the actual material. If other data was considered but not used, please explain why that data was determined not to be acceptable.

There is no data, as defined under section (3) of the Regulatory Review Act (71 P.S. § 745.3), upon which this rulemaking is based.

(29) Include a schedule for review of the regulation including:

- | | |
|---|-------------------------------|
| A. The length of the public comment period: | N/A – Final-Omitted |
| B. The date or dates on which any public meetings or hearings will be held: | Held November 20, 2019 |

| E. The expected date by which compliance with the final-form regulation will be required: | Upon final publication |
| F. The expected date by which required permits, licenses or other approvals must be obtained: | Ongoing |

(30) Describe the plan developed for evaluating the continuing effectiveness of the regulations after its implementation.

No formal review schedule has been established. Instead, the Board consistently reviews its regulations and proposes amendments as the need arises.

General Table Games Provisions; Table Game Equipment; Electronic Table Games; Gaming Related Gaming Service Providers; Table Game Rules of Play

The Pennsylvania Gaming Control Board (Board), under the general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. § 13A02(1) and (2), proposes to amend Chapters 601a, 603a, 605a, 613a, delete in entirety Chapters 617a, 619a, 621a, 623a, 625a, 627a, 629a, 631a, 633a, 635a, 637a, 639a, 641a, 643a, 645a, 647a, 649a, 651a, 653a, 655a, 657a, 659a, 661a, 663a, 665a, 668a, 669a, 670a, 671a, 672a, 673a, 674a, 675a, 676a, 677a, 678a, 679a, 680a, 681a, 682a, 683a, 684a, and rescind the proposed rulemakings set forth previously as 685a, 686a, 687a, and 688a, with all amended, deleted, and rescinded text to read as set forth in Annex A.

Purpose of the Rulemaking

This Final-Omitted rulemaking will make changes to the Board's policies and procedures for the approval of table games rules of play and wagering for new games and new features of existing games. The basic rules of the table games are created by the game manufacturers. The Board reviews the game and rules submitted and approves the offering of the game as appropriate for the public. These new policies and procedures will allow more flexibility to make changes to existing games and streamline the process for new games to be offered in licensed facilities in the Commonwealth to effect a more efficient, timely process.

Explanation

Chapter 601a (relating to General Table Games Provisions)

Chapter 601a has been re-ordered to make more logical sense for the regulated community and alter the process for new table game rules, and a section has been deleted. The new order and numbering of the sections are as follows:

§ 601a.2 - Request to offer a new table game or new feature for an existing table game: This was previously § 601a.4, but makes more sense to logically to be the first substantive subsection, as this is the first step in a table game being made available for play in Pennsylvania.

§ 601a.3 - Approval of table game rules of play; notice of table game rules of play: This is an entirely new section that outlines the new procedure for the Board's approval of the rules of play and wagering for a new table game or feature to an existing table game, whereas past practice had the rules adopted and published as regulations.

§ 601a.4 - Table game rules submissions: This was previously § 601a.2, but makes more sense logically to be moved here, as this dictates what a casino must do to offer a game once it has been approved by the Board.

§ 601a.5 - Waiver of existing table games rules of play and wagering: This section is being deleted. As the process to amend games and add features or wagers is more streamlined and efficient, there is no longer a need for a process to seek a waiver of the table game rules of play.

Chapters 603a, 605a, and 613a (relating to Table Game Equipment, Electronic Table Games, and Gaming Related Gaming Service Providers)

The only amendments in these Chapters are to correct cross-references to provisions in Chapter 601a that have been renumbered.

Chapters 617a, 619a, 621a, 623a, 625a, 627a, 629a, 631a, 633a, 635a, 637a, 639a, 641a, 643a, 645a, 647a, 649a, 651a, 653a, 655a, 657a, 659a, 661a, 663a, 665a, 668a, 669a, 670a, 671a, 672a, 673a, 674a, 675a, 676a, 677a, 678a, 679a, 680a, 681a, 682a, 683a, and 684a (relating to numerous Table Games Rules of Play)

These Chapters are the rules of play for table games that have been previously adopted by the Board and implemented as final-form rulemakings, published in the *Pennsylvania Bulletin* and *Pennsylvania Code*. These table game rules of play are being deleted in entirety, and the rules for each individual game will be published on the Board's website, as required by § 601a.3.

685a, 686a, 687a, and 688a (relating to numerous Table Game Rules of Play)

These Chapters are the rules of play for table games that have previously been adopted by the Board as proposed rulemakings and published in the *Pennsylvania Bulletin*. These tables games rules of play proposed rulemakings are being rescinded in entirety, and the rules for each individual game will be published on the Board's website, as required by § 601a.3, with necessary changes made based upon comments received during the general comment period and from the Independent Regulatory Review Commission (IRRC).

Effective Date

These final-omitted regulations will become effective upon publication in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5.1(c) of the Regulatory Review Act (71 P.S. § 745.5a(c)), on November 21, 2019, the Board submitted a copy of this Final-Omitted Regulations and a copy of the Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC), to the Chairpersons of the House Gaming Oversight Committee and the Senate Community, Economic and Recreational Development Committee, and to the Attorney General for review.

Findings

The Board finds that compliance with the proposed rulemaking procedures of the Commonwealth Documents Law (45 P.S. § 1201 and 1202) are impracticable and contrary to the public interest, as comments from the public are not appropriate, necessary, or beneficial. The amendments made by the Board to the effected Chapters merely pertain to agency procedure and practice, and are necessary and appropriate for the efficient administration and oversight of gaming activities involving table games in the Commonwealth.
