**RE: Replacement of page 4 in RAF of #125-229**

Dear Mr. Sumner:

As we discussed on the phone, enclosed with this letter is a copy of Page 4 of the Regulatory Analysis Form (RAF) for #125-229. This page replaces the Page 4 that was delivered to IRRC, the Standing Committees, and the Legislative Reference Bureau on July 16, 2020. The only change was the response to Question 22(b), to reflect the web address where the applications for licensure in interactive gaming can be found on the Board's public website.

Please do not hesitate to contact me if you have any further questions or concerns.

Sincerely,

Chad W. Zimmermann  
Assistant Chief Counsel

Enclosure

Representative Scott Conklin, Minority Chair, House Gaming Oversight Committee  
Senator Thomas Killion, Majority Chair, Senate Community, Economic and Recreational Development Committee

**This rulemaking will have no fiscal impact on local governments.**

(21) Provide a specific estimate of the costs and/or savings to the state government associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required. Explain how the dollar estimates were derived.

**The Board expects that this proposed rulemaking will have a relatively small fiscal impact on the Board and other Commonwealth agencies, which primarily is the result of the need for some additional personnel needed to process applications and review, as well as to monitor and regulate the conduct of interactive gaming. Most of the additional duties will be absorbed by existing Board staff. The costs of the proposed regulations will be paid for by an assessment against the interactive gaming revenue as determined by the Department of Revenue.**

(22) For each of the groups and entities identified in items (19)-(21) above, submit a statement of legal, accounting or consulting procedures and additional reporting, recordkeeping or other paperwork, including copies of forms or reports, which will be required for implementation of the regulation and an explanation of measures which have been taken to minimize these requirements.

**Any slot machine licensee wishing to offer interactive gaming in Commonwealth will be required to first obtain authority to do so from the Board, in the form of a Petition. Upon granting of interactive gaming certificates, the entities are required to file internal controls that detail the operation of the entity as it pertains to interactive gaming. Entities that wish to be licensed as an interactive gaming operator, interactive gaming manufacturer, interactive gaming supplier, interactive gaming service provider, and the principals, key employees, gaming employees and nongaming employees thereof must file applications with the Board.**

(22a) Are forms required for implementation of the regulation?

**Applications for licensure are required.**

(22b) If forms are required for implementation of the regulation, **attach copies of the forms here.** If your agency uses electronic forms, provide links to each form or a detailed description of the information required to be reported. **Failure to attach forms, provide links, or provide a detailed description of the information to be reported will constitute a faulty delivery of the regulation.**

**The applications for licensure are voluminous, and can be found under the Licensure tab at the Board's website: <https://gamingcontrolboard.pa.gov>.**

(23) In the table below, provide an estimate of the fiscal savings and costs associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.
