<p>(8) State the statutory authority for the regulation. Include <u>specific</u> statutory citation.</p> <p><b>The Pennsylvania Gaming Control Board's general authority is in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. § 3302.</b></p>		

(9) Is the regulation mandated by any federal or state law or court order, or federal regulation? Are there any relevant state or federal court decisions? If yes, cite the specific law, case or regulation as well as, any deadlines for action.

**There are no other applicable federal or state statutes, regulations or court decisions that mandate adoption of this rulemaking.**

(10) State why the regulation is needed. Explain the compelling public interest that justifies the regulation. Describe who will benefit from the regulation. Quantify the benefits as completely as possible and approximate the number of people who will benefit.

**This rulemaking provides the regulatory framework for terminal operators to offer video gaming at truck stop establishments in the Commonwealth. These regulations are necessary to provide for the oversight of the video gaming industry and provide a fair and secure environment for patrons who engage in video gaming.**

(11) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulations.

**There are no corresponding federal standards for any of these provisions in this rulemaking.**

(12) How does this regulation compare with those of the other states? How will this affect Pennsylvania's ability to compete with other states?

**This rulemaking should not negatively impact Pennsylvania's ability to compete with other states, as these regulations pertain only to video gaming when physical present in the Commonwealth at licensed truck stop establishments.**

**Video gaming (or gaming similar to Pennsylvania's video gaming) is currently legal in six other states: Georgia, Illinois, Louisiana, Oregon, South Dakota, and West Virginia. Illinois has the largest video gaming industry, allowing up to six VGTs to be placed in truck stop establishments like Pennsylvania, but also any retail establishment with a liquor license or licensed fraternal or veteran organizations. Louisiana allows VGTs to be placed in similar locations as Illinois, but only allows video poker on the VGTs, not slots-style games. Oregon's video lottery terminals (VLTs) have been allowed to offer slots-style games since 2015. South Dakota only allows VLTs to be placed in bars and taverns, but its VLTs can offer poker, keno, video blackjack, and bingo. West Virginia is similar to Illinois, in that VLTs can be placed in bars, restaurants, and fraternal organizations. However, each establishment is limited to 10 VLTs. Georgia allows video gaming through "coin operated amusement machines", or COAMs, which can be located in gas stations and convenience stores. Unlike Pennsylvania's VGTs, a player may not win cash from gaming on a COAM, but he or she may redeem credits won for lottery tickets or merchandise for sale in the store in which he or she is gaming.**

(13) Will the regulation affect any other regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

**These regulations will not directly affect any other regulations of another state agency.**

(14) Describe the communications with and solicitation of input from the public, any advisory council/group, small businesses and groups representing small businesses in the development and drafting of the regulation. List the specific persons and/or groups who were involved. ("Small business" is defined in Section 3 of the Regulatory Review Act, Act 76 of 2012.)

**This set of final form regulations is based upon the temporary regulations for video gaming previously adopted by the Board (#125-211, Title 58, Chapters 1101 – 1120) and the proposed rulemaking adopted in February 2020. In the Preamble for the temporary regulations which was published in the *Pennsylvania Bulletin*, the Board requested comments from interested parties in the video gaming industry and from the general public. The comments received were reviewed and taken into consideration when preparing the proposed regulations. No comments were received on the proposed rulemaking.**

(15) Identify the types and number of persons, businesses, small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012) and organizations which will be affected by the regulation. How are they affected?

**Any entity that wishes to be licensed as a terminal operator, establishment, VGT supplier, VGT manufacturer, gaming service provider, and a principal or key employee of one of the aforementioned entities will be affected by this regulation, as these are the entities subject to licensure under the regulations. The licensed entities and individuals may only offer video gaming if done in accordance with the requirements of the regulations.**

**Under the current temporary regulatory scheme, there are currently 15 licensed or conditionally licensed terminal operators, 70 licensed or conditionally licensed establishments, 2 licensed or conditionally licensed VGT suppliers, 7 licensed or conditionally licensed VGT manufacturers, 672 licensed or conditionally licensed VGT gaming employees, 123 licensed or conditionally licensed VGT principals and principal entities, 6 licensed VGT key employee, 58 licensed or conditionally licensed VGT principal qualifier and qualifier entities, 15 licensed or conditionally licensed VGT key employee qualifiers, and 3 licensed or conditionally licensed VGT procurement agents or procurement agent entities. It is estimated that a number of the licensed terminal operators and most of the establishment licensees are small businesses as defined in the Regulatory Review Act, but that number is not definitely known.**

**The general public who engages in video gaming at truck stop establishments will also be affected by the provisions of the regulations, as the regulations set forth the manner and locations in which video gaming may be conducted.**

(16) List the persons, groups or entities, including small businesses, that will be required to comply with the regulation. Approximate the number that will be required to comply.

**As stated above, individuals and entities who wish to participate in the offering of video gaming will be required to comply with the regulations. The current numbers of licensed or conditionally licensed individuals or entities is listed above. Additionally, individuals in the general public will be required to comply with the provisions of the regulation, as video gaming may only be conducted at licensed establishments and in a manner consistent with the Board's requirements.**

(17) Identify the financial, economic and social impact of the regulation on individuals, small businesses, businesses and labor communities and other public and private organizations. Evaluate the benefits expected as a result of the regulation.

**It is not anticipated that this rulemaking will have a negative financial or economic impact on the regulated community or other individuals. These regulations provide the regulatory framework for video gaming which will generate tax revenue for the Commonwealth and provide a fair and secure environment for patrons to engage in video gaming.**

(18) Explain how the benefits of the regulation outweigh any cost and adverse effects.

**This rulemaking will provide all necessary oversight for video gaming in the Commonwealth. These regulations establish the standards that all entities in the video gaming industry must comply with and will help to provide a fair and secure environment for interactive gaming. These benefits outweigh any costs involved, and it is not anticipated there will be any adverse effects.**

(19) Provide a specific estimate of the costs and/or savings to the regulated community associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

**It is anticipated that there will be minimal costs to the regulated community, stemming from the initial costs of licensure, the costs of implementation, and renovation of video gaming areas in existing truck stops. Any entity currently offering video gaming under the temporary regulations have already been accrued and paid these costs, and therefore, there would be no additional costs to those entities.**

(20) Provide a specific estimate of the costs and/or savings to the local governments associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

**This rulemaking will have no fiscal impact on local governments.**

(21) Provide a specific estimate of the costs and/or savings to the state government associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required. Explain how the dollar estimates were derived.

**The Board expects that this proposed rulemaking will have a relatively small fiscal impact on the Board and other Commonwealth agencies, which primarily is the result of the need for some additional personnel needed to process applications and review, as well as to monitor and regulate the conduct of video gaming. Most of the additional duties will be absorbed by existing Board staff. The costs of the proposed regulations will be paid for by an assessment against the video gaming revenue as determined by the Department of Revenue.**

(22) For each of the groups and entities identified in items (19)-(21) above, submit a statement of legal, accounting or consulting procedures and additional reporting, recordkeeping or other paperwork, including copies of forms or reports, which will be required for implementation of the regulation and an explanation of measures which have been taken to minimize these requirements.

**Any entity or individual wishing to participate in the offering of video gaming needs to file an application with the Board. Once licensed and prior to commencement of video gaming operations, a terminal operator or establishment licensee must file a set of internal controls with the Board, which set forth the procedures the entity will follow when offering video gaming.**

(22a) Are forms required for implementation of the regulation?

**Applications for licensure are required.**

(22b) If forms are required for implementation of the regulation, **attach copies of the forms here.** If your agency uses electronic forms, provide links to each form or a detailed description of the information required to be reported. **Failure to attach forms, provide links, or provide a detailed description of the information to be reported will constitute a faulty delivery of the regulation.**

**The applications for licensure are voluminous, and can be found under the Licensure tab at the Board's website: <https://gamingcontrolboard.pa.gov>. The self-exclusion web portal to allow individual's to self-exclude, and the forms required, can be found at <https://responsibleplay.pa.gov/>.**

(23) In the table below, provide an estimate of the fiscal savings and costs associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.

(24) For any regulation that may have an adverse impact on small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012), provide an economic impact statement that includes the following:

(a) An identification and estimate of the number of small businesses subject to the regulation.

**While some of the entities involved in the video gaming industry may qualify as a small business, in accordance with the United States Small Business Administration's Small Business Size Regulations, under 13 CFR Ch. 1 Part 121, it is not anticipated that these regulations will have an adverse impact on any small business.**

(b) The projected reporting, recordkeeping and other administrative costs required for compliance with the proposed regulation, including the type of professional skills necessary for preparation of the report or record.

**It is not anticipated that there will be any significant reporting, recordkeeping or other administrative costs associated with this regulation, as the reporting and recordkeeping requirements are likely to be provided internally by current staff of the entities involved in the offering of video gaming.**

(c) A statement of probable effect on impacted small businesses.

**As stated above, it is not anticipated that there will be any negative effect or impact on small businesses.**

(d) A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed regulation.

**Not applicable.**

(25) List any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, the elderly, small businesses, and farmers.

**No special provisions have been added.**

(26) Include a description of any alternative regulatory provisions which have been considered and rejected and a statement that the least burdensome acceptable alternative has been selected.

**No alternative regulatory approaches were considered. This regulation reflects the least burdensome means of maintaining regulatory oversight of video gaming.**

(27) In conducting a regulatory flexibility analysis, explain whether regulatory methods were considered that will minimize any adverse impact on small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012), including:

- a) The establishment of less stringent compliance or reporting requirements for small businesses;
- b) The establishment of less stringent schedules or deadlines for compliance or reporting requirements for small businesses;
- c) The consolidation or simplification of compliance or reporting requirements for small businesses;
- d) The establishment of performance standards for small businesses to replace design or operational standards required in the regulation; and
- e) The exemption of small businesses from all or any part of the requirements contained in the regulation.

**As stated above, there is no adverse impact on small businesses in the Commonwealth.**

(28) If data is the basis for this regulation, please provide a description of the data, explain in detail how the data was obtained, and how it meets the acceptability standard for empirical, replicable and testable data that is supported by documentation, statistics, reports, studies or research. Please submit data or supporting materials with the regulatory package. If the material exceeds 50 pages, please provide it in a searchable electronic format or provide a list of citations and internet links that, where possible, can be accessed in a searchable format in lieu of the actual material. If other data was considered but not used, please explain why that data was determined not to be acceptable.

**There is no data, as defined under section (3) of the Regulatory Review Act (71 P.S. § 745.3), upon which this rulemaking is based.**

(29) Include a schedule for review of the regulation including:

**FINAL FORM RULEMAKING  
COMMONWEALTH OF PENNSYLVANIA**

**58 PA. CODE  
Final Form Rulemaking  
Subpart N.**

**Chapters 1101a-1120a**

**FINAL FORM RULEMAKING**

**PENNSYLVANIA GAMING CONTROL BOARD**

**58 PA. CODE CHS. 1101a-1120a**

**Subpart N. Video Gaming**

The Pennsylvania Gaming Control Board (Board), under the general authority in 4 Pa.C.S. § 3301 (a) and (b) (30) (relating to general and specific powers), and in 4 Pa.C.S. § 3302 (relating to regulatory authority of the board) promulgates regulations governing the licensing, conduct and regulatory oversight of video gaming in the Commonwealth as set forth in Annex A.

***Purpose of the Final Form Rulemaking***

This final form rulemaking will provide a regulatory oversight structure for the conduct of video gaming at licensed truck stop establishments in the Commonwealth.

The Regulation is necessary to implement Part III of Act 42 of 2017, 4 Pa.C.S. §§3101 - 4506, whose intent is to provide truck stops which meet certain eligibility criteria the option of providing video gaming through a terminal operator licensee on the premises of the licensed truck stop establishment, and to ensure the integrity of the acquisition and operation of the video gaming terminals, redemption terminals and associated equipment. See 4 Pa.C.S. §3301.

***Explanation***

Title 58, Part VII, Subpart N establishes the complete regulatory package necessary for the Board to commence licensing of Truck Stop Establishments which elect to host video gaming activities, of Terminal Operators who place and operate video gaming terminals in truck stop establishments, of manufacturers, suppliers and gaming service providers. In addition, the Subpart provides for testing of all equipment used in video gaming operations, and establishes rules for the possession of video gaming terminals, accounting and internal controls and the conduct of video gaming in Pennsylvania. Finally, the Subpart addresses compulsive and problem gambling, self-exclusion and Board-imposed exclusion upon persons whose presence in a video gaming area would be inimical to the Commonwealth's interests.

Subpart N establishes a broad regulatory oversight structure for video gaming. Section 1001a.1 provides the relevant definitions used throughout the Chapter for the conduct of video gaming.

The regulation identifies numerous categories of licensees based upon the statutory criteria for licensure in the Act. Those categories of persons subject to licensure include terminal operators, establishment licensees and their principal qualifiers and key qualifiers, principals, key employees, suppliers, manufacturers, gaming service providers, and Occupation permittees. Chapters 1102a through 1109a establish the application and general requirements licensees and permittees must comply with in order to apply with the board to participate in the regulated conduct of video gaming.

Sections 1110a.1 through 1111a.1 provide for a preliminary review of the application, followed by the processing of the applications by Board staff, addressing deficient and abandoned applications, avenues for withdrawing an application from consideration, and the terms and renewal periods for licenses.

Chapter 1112a addresses the testing and certification standards and processes for video gaming terminals, redemption terminals and associated equipment used in the conduct of video gaming. Testing of the video gaming terminals, redemption terminals and associated equipment is vital to assuring the proper operation of the machines within statutorily mandated guidelines as well as to assure fairness to patrons utilizing video gaming terminals.

Chapters 1113a, 1114a and 1115a address the possession of video gaming terminals and establish video gaming accounting and internal control as well as record retention requirements. The purpose of these sections is to ensure accountability for revenues, play of games and overall integrity of the video gaming product.

Chapter 1116a establishes standards for the video gaming area, video gaming terminals, redemption terminals, automated teller machines and restrictions on terminal operators, establishment licensees and employees of licensees in relation to the operation and conduct of video gaming.

Chapter 1117a requires that video terminal placement agreements between terminal operators and establishment

licensees must be approved by the Board. It also establishes the standards which those agreements must satisfy in order to achieve board approval.

Chapters 1118a through 1119a relate to compulsive and problem gaming and establish requirements for signage in video gaming areas, the provision of problem gaming information and training as well as for the creation of a video gaming self-exclusion list as required by 4 Pa.C.S. § 3903(a) (relating to self-exclusion) and procedures by which individuals may self-exclude from the conduct of video gaming as well as removing oneself from the self-exclusion list.

Finally, Chapter 1120a provides a mechanism establishing the Board's mandatory exclusion list and lists the basis upon which exclusion can be imposed, i.e. generally if the persons conduct and presence at an establishment licensees' premises would be inimical to the interests of the Commonwealth and licensed gaming therein. The chapter further establishes the process which must be undertaken to initiate proceedings to exclude a person, including notice and a right to be heard, outlines a licensed establishments obligation to exclude the person, and provides an opportunity for an excluded person to seek his removal from the list of excluded persons.

### ***Response to Comments***

The Board did not receive any public comments from the regulated community or the general public. Comments were received from the Independent Regulatory Review Commission (IRRC), and responses to the comments are below:

#### ***1. Protection of the public health, safety and welfare; Implementation procedures.***

The Board acted with all possible due diligence in getting the final-form regulations promulgated to regulate the video gaming industry. After the passage of Act 42 of 2017, the Board was tasked with promulgating regulations for five separate forms of expanded gaming in rapid succession. In December 2020, Governor Tom Wolf signed Act 114 of 2020, making amendments to the Fiscal Code of the Commonwealth. Act 114 on 2020 included a provision that extended the expiration date of temporary regulations of the Board from two years after publication to three years after publication. Therefore, the temporary regulations for video gaming, originally published in the *Pennsylvania Bulletin* on March 17, 2018, did not expire until

March 17, 2021. To date, the Board has not had any issues involved in the regulatory oversight of video gaming in the Commonwealth.

*2. Compliance with the RRA and regulations of IRRC.*

All matters addressed in this comment have been remedied in the final-form Regulatory Analysis Form.

*3. Section 1101a.2. Definitions. - Clarity; Reasonableness.*

The legislature did not include a definition of "commercial motor vehicle" in Act 42 of 2017 when making amendments to the Act. The Board deemed that it was most appropriate to use the definition of "commercial motor vehicle" from Title 75, as those are the laws that govern vehicles in the Commonwealth and the only place the term is defined in the Commonwealth's laws. The Board believes this is the approach most consistent with ensuring that the truck stop establishments have adequate parking spaces for what the legislature has previously defined as commercial motor vehicles.

*4. Section 1102a.3. Conditional terminal operator and procurement agent licenses. - Clarity.*

The title of the section has been amended to reflect the recommended changes.

Subsection (a) has been amended to indicate that the applicant must specifically request the conditional licensure when the original application is filed, to document that it is a separate and distinct request. The same changes were made in §§ 1103a.3 and 1104a.2.

*5. Section 1102a.4. Terminal operator licensee change of control. - Clarity.*

The definition of "controlling interest" was added to § 1101a.2 (relating to definitions) as requested.

The language found in §§ 1102a.4, 1103a.4(a) (relating to establishment licensee change of control), 1106a.1(g)(1) (relating to supplier licenses), and 1107a.1(g)(1) (relating to manufacturer licenses) regarding change of control and controlling interests is consistent with the Board's existing body of regulations and other expanded gaming regulations that the Board has adopted. The gaming industry has not expressed

any concern or confusion regarding the language, and therefore, no modifications have been made.

*6. Section 1103a.1. Establishment licenses. - Need; Reasonableness.*

The Board included this size language to ensure that the parking spaces at the truck stop establishments would be able to accommodate all types of commercial motor vehicles that meet the legislature's definition of the term, and not just some of the smaller vehicles. If the Board's requirements for parking spaces did not require adequately sized spaces to accommodate all of the types of vehicles in the definition of "commercial motor vehicle" under Title 75, the 20 required spaces could only be made to accommodate vehicles as small as a 16-passenger vans or small school buses, which would preclude larger commercial motor vehicles from being able to park at and frequent the truck stop establishment. It is believed that the legislature would intend to require adequate parking spaces for larger commercial motor vehicles with sizes and weights included in the section, as that comports most with the traditional nature and character of a truck stop.

*7. Section 1106a.1. Supplier licenses. - Protection of the public health, safety and welfare; Clarity; Reasonableness.*

Section 3306(b) of the Act states that an applicant for a terminal operator license or an establishment license needs to file a diversity plan but does not impose the same requirement for supplier licensees or manufacturer licensees. The Board determined that the omission of suppliers and manufacturers from the diversity plan requirements by the legislature was intentional, and therefore the Board did not impose this requirement on suppliers and manufacturers.

Subsections 1106a.1(b)(5) and 1107a.1(b) were amended to reflect the recommended changes.

*8. Chapter 1112a. Video gaming terminal, redemption terminal and associated equipment testing and certification. - Clarity.*

The definition of "educational institution" was moved to § 1101a.2 (relation to definitions) as the terms does not appear in Chapter 1112a or subsequent chapters. Some of the terms included in the definitions section of Chapter 1112a are also used in Chapter 1113a, so language was added to clarify that the

definition of the terms also applies to when the term is used in subsequent chapters.

9. *Section 1112a. Redemption Terminals. - Clarity.*

This section was amended to reflect the recommended changes.

10. *Section 1112a.9. Redemption terminals. - Clarity.*

This language was amended to reflect the recommended changes.

11. *Section 1113a.1. Possession of video gaming terminals generally. - Clarity.*

This section was amended to reflect the recommended changes.

11. *Section 1116a.3. Redemption terminals. - Clarity.*

The Board believes this section is not ambiguous or unclear. It directs that as it pertains to redemption tickets, a redemption terminal shall only accept redemption tickets produced by video gaming terminals at the truck stop establishment where the redemption terminal is located. This section is independent of any other use or function of redemption terminals. Inclusion of the language from § 1112a.9(e) (relating to redemption terminals) would be redundant and therefore unnecessary.

12. *Section 1118a.5. Penalties. - Clarity.*

This section was amended to reflect the recommended changes.

13. *Chapter 1119a. Self-exclusion. - Protection of the public health, safety and welfare; Clarity.*

This chapter has been updated to reflect the proposed changes to the self-exclusion procedures in Final Form Rulemaking #125-225 and to be consistent with the other forms of expanded gaming.

14. Chapter 1120a. Exclusion of persons from video gaming. -  
Clarity.

The language in this chapter has been amended to provide more clarity as to the exclusion of persons from establishment licensee facilities.

15. Miscellaneous clarity.

The sections were amended to reflect the recommended changes.

**Fiscal Impact**

Commonwealth. The Board expects that the provisions contained in this final form rulemaking will have a relatively minimal fiscal impact on the Board or any other Commonwealth agency which primarily is the result of the need for some additional personnel needed to process applications and review, monitor and regulate the conduct of video gaming. Some of the additional duties will be absorbed by existing board staff. The costs of the regulation will be paid for by an assessment against the gross terminal revenue generated by terminal operator licensees.

Political Subdivisions. This final form rulemaking will have no fiscal impact on political subdivisions of the Commonwealth.

Private Sector. This final form rulemaking is not anticipated to impose a negative fiscal impact on the regulated entities. The decision to participate in video gaming by an eligible truck stop establishment is not mandated by the Act but is left to the discretion of those qualifying establishments.

If pursued, there will be some equipment costs for video gaming terminals, redemption terminals and surveillance and security-related equipment, as well as some limited renovation within the truck stop premises to obtain a segregated video gaming area. In addition, regulated video gaming terminal operators and establishment licensees may need to hire, train and license a limited number of staff in the conduct of video gaming. (a) A video gaming terminal may not be set to pay out less than the theoretical payout percentage, which may not be less than 85%, calculated using the lowest possible wager that could be played for any single play, or equal or exceed 100%, calculated using the highest eligible wager available. The theoretical payout percentage for the total value of video gaming terminal wagers will be calculated using the following:

(1) The defined set of all symbols that will be displayed using spinning reels or video displays, or both.

(2) The finite set of all possible combinations which shall be known as the cycle of the game. All possible combinations in a video gaming terminal cycle must be independent of each other and of all possible combinations from cycles in other video gaming terminal.

(3) The value of each winning combination that corresponds with the set from paragraph (2) which, whether by reason of skill or application of the element of chance, or both, may deliver or entitle the person or persons playing the video gaming terminal to wins.

(4) The odds of any winning combination may not exceed 50 million to 1.

(b) The calculation of the theoretical payout percentage may not include the amount of any progressive wins in excess of the initial or reset amount.

(c) A play offered by a video gaming terminal may not have a theoretical payout percentage which is less than, when calculated to one hundredth of a percentage point, the theoretical payout percentage for any other play offered by that video gaming terminal which is activated by a video gaming terminal wager in a lesser amount than the video gaming terminal wager required for that play. Notwithstanding the foregoing, the theoretical payout percentage of one or more particular plays may be less than the theoretical payout percentage of one or more plays which require a lesser wager provided that:

(1) The aggregate total of the decreases in the theoretical payout percentage for plays offered by the video gaming terminal is not more than 1/2 of 1%.

(2) The theoretical payout percentage for every play offered by the video gaming terminal is equal to or greater than the theoretical payout percentage for the play that requires the lowest possible wager that will activate the video gaming terminal.

(d) The selection from the set of all possible combinations of symbols shall be made applying a pseudo random number generator. At a minimum, a pseudo random number generator must adhere to all of the following criteria:

(1) The random selection process must meet a 95% confidence interval.

(2) A random number generator must pass a standard chi-squared test for goodness of fit.

(4) A video gaming terminal payout percentage that may be affected by reason of skill must meet the theoretical payout requirements in this subpart when evaluated by the Board using a method of play that will provide the greatest return to the player.

(5) Once a random selection process has occurred, the video gaming terminal must do all of the following:

(i) Display an accurate representation of the randomly selected outcome.

(ii) Not make a secondary decision which affects the result shown to the person playing the video gaming terminal.

(e) A video gaming terminal is prohibited from automatically altering any function of the video gaming terminal based on internal computation of the hold percentage.

(f) The available winning combinations and applicable rules of play for a video gaming terminal must be available at all times the video gaming terminal is idle to the patron playing

the video gaming terminal. The award schedule of available winning combinations may not include possible aggregate awards achievable from free plays. A video gaming terminal that includes a strategy choice must provide mathematically sufficient information for a patron to use optimal skill. Information regarding a strategy choice need not be made available for any strategy decisions whenever the patron is not required, in addition to the initial wager, to make an additional wager and, when as a result of playing a strategy choice, the patron cannot lose any credits earned thus far during that game play.

(g) Video gaming terminals approved for use in an establishment licensee's facility must be equipped with all of the following meters that comply with the technical standards adopted by the Board and published in the *Pennsylvania Bulletin* and posted on the Board's web site:

(1) *Coin in*. A meter that accumulates the total value of all wagers, whether the wager results from the insertion of currency, gaming vouchers, credits won or any other means. This meter must, for multigame and multidenomination/multigame video gaming terminal, monitor the information necessary, on a per payable basis, to calculate a weighted average actual payout percentage.

(2) *Coin out*. A meter that accumulates the total value of all amounts directly paid by the video gaming terminal as a result of winning wagers, whether the payout is made directly from the printer by issuance of a gaming voucher, directly to a credit meter or by any other means. This meter may not record amounts awarded as the result of a progressive payout.

(3) *Attendant paid cancelled credits*. A meter that accumulates the total value of all amounts paid by an attendant resulting from a player initiated cash-out that exceeds the physical or configured capability of the video gaming terminal.

(4) *Bill in*. A meter that accumulates the total value of currency accepted. The video gaming terminal must also have a specific meter for each denomination of currency accepted that records the number of bills accepted for each denomination.

(6) *Voucher in-cashable/count*. A meter that accumulates the total number of cashable gaming vouchers accepted by a video gaming terminal.

(7) *Voucher out-cashable/value*. A meter that accumulates the total value of cashable gaming vouchers issued by the video gaming terminal.

(8) *Voucher out-cashable/count*. A meter that records the total number of cashable gaming vouchers issued by a video gaming terminal.

(9) *Video gaming terminal paid progressive payout*. A meter that accumulates the total value of credits paid as a result of progressive awards paid directly by the video gaming terminal. This meter may not record awards paid as a result of an external bonusing system.

(10) *Attendant paid progressive payout*. A meter that accumulates the total value of credits paid by a video gaming terminal attendant as a result of progressive awards that are not capable of being paid by the video gaming terminal. This meter may not include awards paid as a result of an external bonusing system.

(11) *Additional requirements*. Other meters required by technical standards adopted by the Board and published in the *Pennsylvania Bulletin* and posted on the Board's web site.

(h) A video gaming terminal that does not meter one or more of the events required to be metered under subsection (g) may be approved when a terminal operator's system of internal controls establishes that the meter is not required to capture all critical transactions occurring on the video gaming terminal.

(i) The meters required under subsection (g) must continuously and automatically increment in units equal to the

denomination of the video gaming terminal or, in the case of a video gaming terminal configured for multidenomination play, must display the required information in dollars and cents.

(j) A video gaming terminal approved for use in an establishment licensee's must be equipped with all of the following noncumulative meters:

the person's character and background meet one or more of the following criteria:

(1) Are incompatible with the maintenance of public confidence and trust in the credibility, integrity and stability of the operation of a **licensed ESTABLISHMENT LICENSEE** facility.

(2) May reasonably be expected to impair the public perception of, and confidence in, the strict regulatory process created by 4 Pa.C.S. Part III (relating to video gaming).

(3) Create or enhance a risk of the fact or appearance of unsuitable, unfair or illegal practices, methods or activities in the conduct of gaming or in the business or financial arrangements incidental thereto.

(c) A finding of inimicality may be based upon the following:

(1) The nature and notoriety of the character or background of the person.

(2) The history and nature of the involvement of the person with licensed gaming in this Commonwealth or another jurisdiction.

(3) The nature and frequency of contacts or associations of the person with an establishment licensee.

(4) Other factors reasonably related to the maintenance of public confidence in the efficacy of the regulatory process and the integrity of video gaming operations.

(d) A person's race, color, creed, national origin or ancestry, or sex will not be a reason for placing the name of a person upon the exclusion list.

**§ 1120a.4. Duties of the Bureau and the Office of Enforcement Counsel.**

(a) The Bureau will, on its own initiative, or upon referral by a law enforcement agency or an establishment licensee, investigate a person to determine whether the person meets the criteria for exclusion provided in 4 Pa.C.S. § 3901 (relating to exclusion or ejection of certain persons) and § 1119a.3 (relating to requests for video gaming self-exclusion).

(b) If, upon completion of an investigation, the Bureau determines that an individual should be placed on the exclusion list, the Office of Enforcement Counsel will file a petition for exclusion with the Clerk identifying the candidate and setting forth a factual basis for the petition. The petition must include information demonstrating that the individual satisfies the criteria for exclusion or ejection under 4 Pa.C.S. § 3901 or this chapter.

**§ 1120a.5. Placement on the exclusion list.**

(a) A person may be placed on the exclusion list upon any of the following:

(1) Entry of an order of the Board.

(2) Receipt of an order from a court of competent jurisdiction in this Commonwealth, excluding or ejecting the person from establishment licensee facilities in this Commonwealth.

(b) The placement of a person on the exclusion list shall have the effect of requiring the exclusion or ejection of the excluded person from establishment licensee facilities.

(c) An excluded person may not collect in any manner or in any proceeding any winnings or recover any losses arising as a result of any gaming activity for the entire period of time that the person is on the Board's exclusion list.

(d) Winnings incurred by an excluded person shall be remitted to the Board to support compulsive and problem gambling programs of the Board.

(e) For the purposes of this section, any winnings issued to, found on or about, or redeemed by an excluded person shall be presumed to constitute winnings subject to remittance to the Board.

**§ 1120a.6. Demand for hearing on the exclusion of a person.**

(a) Upon the filing of a petition for exclusion, the Office of Enforcement Counsel will serve the petition upon the person by personal service or certified mail at the last known address

of the person. The notice will inform the person of the right to a hearing under 4 Pa.C.S. § 3901(h) (relating to exclusion or ejection of certain persons) and include a copy of the petition.

(b) Upon service of the petition, the person subject to the petition shall have 30 days to demand a hearing before the Board or presiding officer. Failure to demand a hearing within 30 days after service will be deemed an admission of all matters and facts alleged in the Office of Enforcement Counsel's petition for exclusion and preclude the person from having an administrative hearing.

(c) If a formal hearing is demanded by the person named in the petition for exclusion, a hearing will be scheduled as provided in § 491a.8 (relating to hearings generally). At the hearing, the Office of Enforcement Counsel will have the burden of proof to demonstrate that the person named in the petition for exclusion satisfies the criteria for exclusion in 4 Pa.C.S. § 3901 or § 1120a.3 (relating to criteria for exclusion or ejection). Unless the matter is heard directly by the Board, the presiding officer will prepare a report and recommendation as provided in § 494a.4 (relating to report or report and recommendation of the presiding officer) for consideration by the Board.

**§ 1120a.7. Board review.**

After a hearing, or if a hearing was not requested and the facts in the petition are deemed admitted, the Board may:

(1) Issue an order placing the person's name on the exclusion list.

(2) Issue an order removing or denying the placement of the person's name on the exclusion list.

(3) Refer the matter to a presiding officer for further hearing.

**§ 1120a.8. Duties of establishment licensees.**

(a) Establishment licensees shall establish procedures to prevent violations of this chapter and submit a copy of the procedures to the Director of OCPG 30 days prior to initiation of gaming activities at the establishment licensee's facility. An establishment licensee will be notified in writing of any deficiencies in the plan and may submit revisions to the plan to the Director of OCPG. The establishment licensee may not commence operations until the Director of OCPG approves the procedures. Amendments to these procedures shall be submitted to and approved by the Director of OCPG prior to implementation.

(b) Establishment licensees shall distribute copies of the exclusion list to the appropriate employees. Additions, deletions or other updates to the list shall be distributed by

an establishment licensee to its employees within 2 business days of the establishment licensee's receipt of the updates from the Board.

(c) An establishment licensee shall exclude or eject from its establishment licensee facility all of the following:

- (1) An excluded person.
- (2) A self-excluded person.

(d) If an excluded person enters, attempts to enter or is in an establishment licensee facility and is recognized by employees of the establishment licensee, the establishment licensee shall do all of the following:

- (1) Immediately notify law enforcement with jurisdiction over the establishment licensee's facility.
- (2) Notify the Director of OCPG and the Bureau in writing within 24 hours.

(e) The establishment licensee has the continuing duty to inform the Bureau, in writing, of the names of persons the establishment licensee believes are appropriate for placement on the exclusion list.

**§ 1120a.9. Petition to remove name from the exclusion list.**

(a) An excluded person may file a petition with the Clerk to request a hearing for removal of his name from the exclusion

list at any time after 5 years from the placement of his name on the exclusion list.

(b) The petition shall be signed by the excluded person, contain supporting affidavits and state the specific grounds believed by the petitioner to constitute good cause for removal from the exclusion list. Upon receipt of the petition, the Office of Enforcement Counsel may file an answer in accordance with § 493a.5 (relating to answers to complaints, petitions, motions and other filings requiring a response).

(c) An excluded person who is barred from requesting a hearing concerning his removal from the exclusion list by the 5-year period of exclusion in subsection (a) may petition the Board for early consideration at any time. An excluded person may not, within the 5-year period of exclusion, file more than one petition for early consideration.

(d) A petition for early consideration must contain the information required under subsection (b). Upon receipt of the petition, the Office of Enforcement Counsel may file an answer in accordance with § 493a.5.

(e) The Board will consider, when making its decision on a petition for early consideration, the nature of the facts and circumstances giving rise to the person's placement on the exclusion list, and whether there are extraordinary facts and

circumstances warranting early consideration of the excluded person's request for removal from the exclusion list.
