Comments entered:

I have lived in PA all my life. We have finally become energy independent in this country and PA has helped; why in the world would we want to tax this industry right out of business? Our country is the best when it comes to emissions and efficiency. No more taxes for PA! Do not join into this segment with RGGI!!

No attachments were included as part of this comment.

Please contact me if you have any questions.

Sincerely,
Jessica Shirley
