Once again, our governor is not governing FOR Pennsylvanians. He has made it so many of our residents have no employment through lock downs and now wants to make it so our utilities cost more. What is his true goal? I've always been proud of my state but with all of this fraudulent election nightmare, the high taxes we pay here, his excessive lock downs and now this?! I wish I could move back to Texas. Do not put this legislation into place, please! You are forcing people into poverty!
